Mr. Wojtek Gibinski

Mr. Jeremy Lucas

Dear Wojtek and Jeremy,

Thank you very much for arranging such a wonderful stay for me on the San River in October. Your hospitality and professionalism during my all-too-short visit was exemplary. I couldn't have imagined a better weekend – even with the snow and rain! The San River is, indeed, a wild and magical place and I look forward to returning for a longer stay in the spring. And as for the grayling, I am now hooked. What an elegant, challenging fish. Perhaps most of all, I thank you for your instruction. Thanks to you, I may soon be able to hold my head up within my family of expert fly fishermen!!

Thank you again for such a lovely experience on the San. I look forward to my next visit.

My best wishes to you both for a Merry Christmas and Happy New Year,
